

High quality work, performed on a timely basis, as was your first = roofing job for us, 9 or 10 years ago. Well-organized, extremely neat = and clean work site – not one of my garden plants located near the = house was broken! Job supervisor Alberto Guzman was responsive, helpful = and clearly hard working and very well qualified. The crew started the = job on time, and finished one day faster than I anticipated. A = professional job all around, from the first visit of estimator Joseph = Etienne to the final clean-up. Please feel free to provide my name and = e-mail address (<mailto: [redacted]@ [redacted].com) as a = reference to potential customers. Thank you.=20
